

Come and support our third Specialist Interest Group in Software Testing (SIGIST) in Brisbane. Network with other testers, become involved in presenting white papers to the group and hear all the latest developments in software testing both nationally and internationally.

The ANZTB are committed to investing in the Australian testing community and developing a professional networking forum to represent the interest of software testers throughout Australia.

Refreshments and canapés will be provided for your enjoyment.

Agenda

- ANZTB Welcome by Sharon Robson, Board Member
- Presentation by Alister Scott “WATIR”
- Networking and refreshments
